

BRING MATH & SCIENCE TO LIFE!

For 40 years, Salvadori has been providing direct services to students in all 5 boroughs with programs that support instructional goals. Multi-day in-school and after-school programs deliver our collaborative, hands-on, project-based learning through the buildings, bridges, parks and communities that surround our students' lives.

- promotes **college and career readiness**
- engages students through **project-based exercises**
- uses the **built environment** as a vehicle for learning
- employs **collaborative problem solving** that involves all participants
- produces results that reflect high levels of **creativity and ownership**

Since kids are working and doing with their hands, they're owning their education.

~ Paul Neenos, Senior Community Schools Director, Center for Supportive Schools

Make Salvadori Affordable:

- perfect for grant funding
- refer a new school, both schools receive 5% off
- multi-program discounts
- partner with another school in your building & split the cost

Remember, Salvadori Programs:

- support differentiated learning
- improve student comprehension
- are ideal for English Language Learners
- are great for students with disabilities, IEPs, paraprofessionals, etc.

Salvadori's residencies include all materials, instruction, teacher pre-planning sessions, grade-specific curricula, and assessment. Negotiable terms include: number of classes, length of sessions, grade range, etc.
